JOB DESCRIPTION

Role: Application Training Consultant
Reports to: Project Director
Location: Various locations – Singapore / Malaysia

Role Expectations

We are looking for a driven professional who is able to build strong connections with current employees and clients at all levels.

Using performance consulting skills and best practices in learning and development, this is a key role to advise leaders and support peers in identifying learning needs and determining appropriate education and talent development solutions.

Overall, this position requires significant attention to detail as well as the ability to manage multiple tasks with geographically separated teams.

Responsibilities

- Continuously and proactively learn and be familiar with the BIPO's products and services updates to ensure effective product training and sharing to internal team members.
- Work closely with Marketing team to update the marketing materials.
- Responsible for creating, facilitating, monitoring, evaluating and documenting BIPO services and solutions, and maintain up-to-date online product knowledge base.
- Responsible to collaborate with subject matter experts and stakeholders using independent judgment, problem solving, and analytical skills in identifying and assessing learning needs.
- Design, prepare logistical needs, deliver educational programs suitable learning programs for targeted audience; involved in adult learning, instructional design, and group facilitation.
- Conduct face-to-face or web training sessions.
- Ensure proper training to client to ensure proficiency with BIPO platform; ensure proper handling of client's data.

Technical Skills and Competencies

- Relevant diploma or degree in Computer Science / IT / HR or equivalent
- Experience in successfully implementing HRMS Products; experience in HRIS Role, other HR Solution, and/or understanding of HR business process may be considered.
- A customer-centric, intellectually curious, bright, energetic person with the ability to drive the successful delivery of HRMS.
- Possess strong analytical, problem identification and problem-solving skills
- Good time management, stakeholder management, and prioritization skill.
