

Application Support Consultant

Company Overview

Established in 2010 and headquartered in Singapore, BIPO is a **global payroll and people solutions** provider. Our comprehensive **total HR solutions** include our Human Capital Management (HCM) suite, Global Payroll Outsourcing (GPO) and Employer of Record (EOR) service across 160+ global markets.

We are better connected to support companies' payroll and people solutions needs through a global network of 40+ offices, four R&D centres, and business partners across 160+ markets. To date, we have served 560,000+ headcounts and 3,300+ clients.

Key Responsibilities:

- Provide first and second level application and/or technical support on BIPO HRMS Application.
- Understand, Investigate, troubleshoot and resolve incidents raised by customer through remote connection, phone, email and/or on-site visit.
- Provide timely response, follow-up and resolution to ensure all support activities are tracked and closed within stipulated SLA.
- Partner with the Quality Assurance / R&D Team internally and customer externally to identify issue, perform various testing to reproduce issues, and to deliver the program fix to the customers.
- Provide knowledge and best practices on the system functionality. • Continually seeks opportunities to increase customer satisfaction and deepen client relationships.
- Assist in improvements to the support processes, supporting documentation and/or our software.
- Mentor and handhold Junior Application Support Consultant on the system knowledge and support processes.

Requirements:

- Relevant diploma or degree in Computer Science / Information Technology or equivalent with 3+ years hands-on experience implementing or managing project. Fresh graduates or candidates with less years of experience would be considered for our Associate role.
- Good knowledge of Microsoft SQL and Microsoft Office.
- Experience in successfully implementing HRMS Products preferred; experience in HRIS Role, other HR Solutions, and/or understanding of HR business process may be considered.
- Strong analytical, problem identification and solving skills with solution focused mindset.
- Excellent communication skill and detail-oriented.
- Ability to work under pressure and meet deadlines.
- Conversational in English, and other languages in APAC region will be highly advantageous.
- Ability to travel when required.
